## **WHO WE ARE**

Our solicitors have proven themselves successful in medical negligence claims. We team up with the best barristers and medical specialists to make sure your claim is well supported, medically and legally.

Other firms will require you to fund the claim initially. We will never ask for money from our clients and work on a no win no fee basis. We pay for all medical reports which are re-imbursed from the final settlement.

# **MEDICAL NEGLIGENCE**

The evidence required to prove a claim can cost thousands. Luckily, we pay for all medical reports.
